BEAUTY

and the delicate smile softly curve  
upward, the eyes are drawn to the  
eyes. They are the windows of the  
soul, and they are the most beautiful  
and expressive part of the human  
face. They are the eyes that speak  
the language of the heart.

**MIRACLE**

When the greatest artists of the last  
century began to work, they were  
not just inspired by their surroundings  
they were inspired by the world itself.

world. They saw the world as a canvas  
and they used their art to create a new  
world. They saw the world as a canvas  
and they used their art to create a new
