Confidence is something you naturally gain when you adore the most elegant and most comfortable attire, and we present such beautiful attire that would naturally add up more confidence in your eyes.

FOCUS ON THE WOMAN

is a history of people. During the past century, it was the customs and dogmas that laid the foundations of the modern labor industry we know today. The liberation of women from constant confinement, the creation of work-to-man, clothing, fabric, knitting, machine, diploma, flexible brands, labor unions, marketing and even protection of intellectual property rights, are each a direct result of the ingenuity, tenacity and creative spirit of individuals who were in their lifetime, religious, and societal moorings.
